

FUNDRAISING OPPORTUNITIES WITH GATHR

KINDNESS IS

CONTAGIOUS

**6 WAYS GATHR
PROVIDES FUNDRAISING
OPPORTUNITIES**

HERE ARE 6 WAYS GATHR PROVIDES FUNDRAISING OPPORTUNITIES

1. USE PROMO CODES TO RECIEVE \$2 FROM EVERY TICKET SOLD - Send emails to your network — and promote the film on Facebook and Twitter. And any tickets booked through your initiative would return \$2 each to your organization.

You may also help us recruit “captains” people who organize screenings within your community. Any tickets booked through a screening organized by your “captains” would return \$2 each to your organization (on an average ticket price of \$10). Gathr books the theater and handles ticketing so there is no cost to your organization or the captain.

2. USE PROMO CODES TO DISTRIBUTE MATCHING FUNDS - For every ticket purchased using a particular promo code, an underwriter (i.e. church, org, film, sponsor) donates X dollars to Y cause. The amount is shown in the shopping cart, and when the screening tips, the underwriter is told the amount it is on the hook for (example: Pastor Bob, . The underwriter then makes a donation in that amount.
3. HYPERLINKS AND MESSAGING - We can place messaging and an external hyperlink to a donation page on the screening details page (and in the commentary section).
4. ON SITE DONATIONS - In theater on site donations can be serviced with appropriate confirmation with the venue. We simply need the Movie Captain to submit their desired event plans within the comments section of the request page or to Support directly.
5. LOGOS AND COMMERCIALS - Businesses can have their logos or even commercials displayed on screen before the film in exchange for donations.
6. HOST A COMMUNITY SCREENING - You can host a screening at a Non-Gathr venue and handle ticketing yourself with profits going directly to your non-profit.
